DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 6/25/2007 has been entered.

Claim Objections

Claim 3 is objected to because of the following informalities: there is no antecedent basis for "the housing". Appropriate correction is required.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

1. Claims 1-7, 13 and 14 are rejected under 35 U.S.C. 102(b) as being anticipated by Martin et al (US 4,887,998).

Martin et al disclose in Figures 4 and 5 a needle assembly comprising: a needle cannula (19), a hub (21), a shield (35), a first biasing member (27); a lock (31) for releasably maintaining the shield in the fully retracted position; an actuator for releasing the lock (17); a needle holder (13) adapted for receiving a blood collection container (11); and a retaining member (25)

Allowable Subject Matter

2. Claims 19-34 are allowed.
3. Claims 8-12 and 15-18 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.
